

HES[®] 1500 Electric Strike

Works with all brands of cylindrical and mortise locksets without a deadbolt

Also available in a Complete One Box Solution

The most advanced, modular electric strike that works with every brand of cylindrical or mortise locks designed to work with a 4-7/8" strike plate.

The HES 1500 Series Electric Strike sets a new standard in the industry by offering dynamic integrated adjustability and field configurable options compatible with any cylindrical or mortise lock. The modular design of the platform makes stocking and installing easier with interchangeable faceplates and accessories. For the first time, the aesthetics of an electric strike are complementary to other surrounding door hardware and blend in with the opening due to the fully finished design, available in eight finishes.
