

4800 Series Accessories & Patented Anchoring System

PATENTED ANCHORING SYSTEM

- Included in every 4800 series strike.
- Prevents strike from shifting on the frame for the most secure installation.
- Two center pins suggested for installs in high traffic locations.
- Check out our new Installation tool, the 4850ITL on page 16.

- The Anchoring System provides six additional points of connection and helps you to handle the toughest installations.

- This brings the 4850 to a total 8 points of connection between the frame and strike.

THE CONFIGURATION IS YOUR CHOICE

THE INSTALLATION SOLUTION FOR THE 4800 SERIES STRIKES

TRINE
ACCESS TECHNOLOGY.

The 4850-ITL

“Feel” the door work with the strike on the frame... then drill.

- 4850-ITL installation tool has magnets installed which allows it to attach to steel frames, allowing you to:
 - Adjust and center the strike before ever drilling a hole eliminating any mistakes.
 - Increase your installation speed on every job.
- 1/4” Spacer included, so the tool becomes 3/4” thick, and is also magnetized. (screws on side anchor the spacer to the tool)
- Included custom center punch makes precise marks on the frame for drilling. Marks all anchor pin holes, mounting screws, power, and optional LB sensor.
- Patent Pending

4850-ITL
